Palestinians in the 48 regions Announces Comprehensive strike and angry protests against the Israeli government's decision to demolish thousands of Arab homes

million and a half Palestinians in the occupied territories in 48 (inside Israel)

Participated in general strike, comprehensive and mass demonstrations since last Wednesday to protest the Israeli government's decision to demolish thousands of Arab homes built without a “permit” from the Israeli authorities.

institutions, shops, business, schools and workers and unions have participated in this comprehensive strike to protest against the demolition of 20 houses by the Israeli authorities in **KALANSWA** village inside the occupied Palestine in 48.

Israeli Prime Minister Benjamin Netanyahu had announced month ago that he would start a “war” against the Palestinians in Israel, : **"who break the law and build their homes without building permits,"** . Netanyahu has carried out his promises and 20 houses of Arabs were destroyed last week.

huge anger among the Palestinian in the 48 regions threaten a “huge explosion” and a very strong steps will be taken against the Israeli government decisions, and it is expected to testify next few days, more demonstrations and protests against the Israeli racist policy.

It should be noted that the majority of Palestinians in Israel are building homes without permits after the Israeli authorities confiscate their land since the Nakba in 1948 and the Israeli governments did not keep in front of them any solutions, in this situation they building building without a permit .
